

Harborough Feathers Badminton Club Covid-19 Protocol

Harborough Feathers must have a club protocol detailing how the club will react to members that do not follow the COVID guidelines. These guidelines are detailed in the

- [Badminton England Return to Play Guidance](#) and
- [Harborough Feathers Risk Assessment](#)

Where a club member performs an action that conflicts with these procedures that are in place for the safety of all members

1. The club member will initially be advised they should cease the action in question.
2. If the club member continues with such action the club member will receive a verbal warning at which two Harborough Feathers committee members will be present.
3. If the club member still continues with such action the club member will be prevented from booking or attending club sessions until further notice.
